EOIS-CaMS Release 6.4

The purpose of this bulletin is to provide Employment Ontario service provider organizations with an update on EOIS-CaMS Release 6.4 and the related resources.

The ministry is pleased to announce that Release 6.4 of EOIS-CaMS was launched to all service providers and ministry staff on February 27, 2017.

The following items are the key enhancements introduced with EOIS-CaMS Release 6.4. For detailed instructions regarding the enhancements, service providers are encouraged to review the updated “EOIS-CaMS Service Provider User Guides.”

Literacy and Basic Skills (LBS) Service Plan

Service plan functionality has been enhanced to improve the way LBS and LBS e-Channel service plans are displayed in the system. When the **LBS e-Channel Indicator** checkbox is selected on the Create Service Plan page, the system will automatically add “e-Channel” to the program name and display as “Literacy and Basic Skills - E-Channel” throughout the system.

Employment Ontario Self Service (EOSS)

Applications submitted through the EOSS portal will now pre-populate additional client information such as “Middle Name” and the “Other Description” field for Gender into the client’s Employment Ontario Case.
