

MEMORANDUM TO: ES Service Providers

FROM: Director

DATE: January 5, 2012

SUBJECT: Employment Service Data Dictionary

OBJECTIVE:

The purpose of this bulletin is to provide all ES organizations with a quick summary of the ES Data Dictionary which can be found on the EOPG.

BACKGROUND:

The ES Data Dictionary has been created by the Ministry as a tool for those who use EOIS-CaMS in relation to Employment Services (ES). The dictionary provides definitions of each of the data elements included in EOIS-CaMS, as it relates to the ES case and performance management. It is a very useful tool for those who are both entering information into EOIS-CaMS, as well as those who may be using any associated reports.

The document can be accessed from the EOPG in English and French.

If you should require further information please feel free to contact your Employment Training Consultant (ETC).
