

# DID YOU GET ONE OF THESE?

The enclosed T4E slip represents your financial assistance as a result of your participation in an Employment Ontario activity. You may receive more than one T4E slip. You may also receive another T4E slip for Employment Insurance (EI) benefits from the Federal Government.

Please include all T4E slips when submitting your 2009 income tax return.

If you were in an overpayment situation for the 2009 tax year, and have made a payment toward reducing that overpayment, you will receive further documentation confirming the repayment and reduction of income. This documentation should also be included with your T4E slips when filing your income taxes.
