

MEMORANDUM TO: Youth Job Connection program service providers

FROM: Program Delivery Support Branch

DATE: December 17, 2015

SUBJECT: **Youth Job Connection (YJC) Service Provider Questions and Answers and Marketing Update**

MEMO #: **YJC 2015-16 #5**

OBJECTIVE:

The purpose of this bulletin is to inform YJC service providers of new content being posted to the Employment Ontario Partners Gateway (EOPG).

WHAT IS HAPPENING?

Service Provider Questions and Answers

A new YJC questions and answers document is now available on the EOPG. This document is a compilation of operational and program delivery questions that have arisen since the launch of the YJC program. Questions were gathered through the service provider training sessions and service provider enquiries.

Please note, this will be the third set of questions to be posted on the EOPG. General questions and answers were posted in June 2015 and technical Q&As were posted in August 2015.

YJC Postcards

In November, the Ministry mailed out YJC postcards to support service delivery sites in marketing the program. The postcards were well received and the Ministry received requests to post the digital files for service providers to print as needed. In addition to the two postcards targeting employers and potential referring agencies, a third postcard with a general program information will be available. All three files have been posted on the [Marketing and Signage](#) page on the EOPG.

If your organization has any questions, please contact your Employment and Training Consultant.
