

Subject: MLTSD COVID-19 Information Sessions

Hello:

To help support Ontario's employers and employees during the COVID-19 pandemic, the Ministry of Labour, Training and Skills Development (MLTSD) is offering to partner with Employment Ontario service providers across the province to deliver remote information sessions **at no cost**. A session will be up to two hours long, include a Q&A portion, and focus on what employers and employees need to know about employment standards and occupational health and safety as they relate to COVID-19.

To take advantage of this offer, your organization needs to have the technology available to facilitate and host the information session (such as Zoom, Adobe Connect, etc.). The MLTSD presenters will join, provide the content and deliver the session remotely.

If you are interested in arranging a remote information session, please complete the [online request form](#). A representative from MLTSD will then contact you to confirm the details.

At this time, information sessions are only available in English. If you require a session in French or have any other questions about an information session, please contact EOP@ontario.ca.

Thank you,

Ministry of Labour, Training and Skills Development
