

Memorandum

To: Employment Ontario Network

From: Ministry of Labour, Immigration, Training and Skills
Development

Date: August 25, 2022

Subject: Employment Ontario Data for release to Local Boards and
Literacy and Basic Skills Regional Networks

The Ministry of Labour, Immigration, Training and Skills Development is providing Local Boards and Literacy and Basic Skills Regional Networks with aggregate Employment Ontario data for the 2021-22 fiscal year. The aggregate reports include activity data for the following programs:

- Apprenticeship (APPR)
- Canada Ontario Job Grant (COJG) - Employer
- Canada Ontario Job Grant (COJG) - Participant
- Employment Service (ES)
- Literacy and Basic Skills (LBS)
- Ontario Employment Assistance Services (OEAS)
- Second Career (SC) (now known as Better Jobs Ontario)
- Youth Job Connection (YJC)
- Youth Job Connection – Summer (YJCS)

The data is shared in three sets (as per below); and may help Local Boards and Regional Networks to identify potential gaps or duplications in service within their catchment areas and provide insight into better engaging under-represented groups. It is not intended to assess the performance of the Employment Ontario network:

1. Local Boards

2. CMSM - Consolidated Municipal Service Managers
3. Census Divisions

The Local Boards will use these data reports to validate local workforce characteristics and client outcomes in the local area. Local Boards are expected to discuss this data with service providers for local planning purposes and collaborate on joint actions to address identified issues in the local area.

Under the Employment Services Transformation (EST) framework, data for service providers that fall within the prototype Service System Manager (SSM) catchment areas (Hamilton Niagara, Muskoka-Kawartha and Peel) is not included in the reports.

Local Boards that fall within these SSM catchment areas are expected to work with SSMs for labour market information sharing to address labour market issues within their catchments.

The results of the Employment Ontario data analysis and consultations will be captured in the Local Boards' Local Labour Market Planning (LLMP) Report.

If you have additional questions please contact your local ministry office.
